Billing Choices

Companies have different invoicing styles that maximize their revenue and customer loyalty. Here are a few of the features that give you the choices you need:

- Single and Multi-Site Invoices
- Surcharges & Discounts, % or Fixed, Based On Pre-Tax Charge Amt
- Color and logo ready invoices
- Month(s), 28 Day, Pro-Rated in Advance or Arrears, Whole Week Increments
- Over 20+ sales reconciliation reports

Disposal Tracking

- Full disposal tracking features

Dispatching Tools

Whatever the experience of your dispatchers, our tools will increase their ability to plan and optimize routes, focus on the exceptions, respond to changing conditions, and find and re-schedule missed jobs. Some of these features include:

- Both fixed and demand (work order based) dispatching tools
- Integrated with street level maps and vehicle tracking services
- Standing orders for repeat jobs
- Route analysis and optimization, and wireless dispatching
- Over-due units and unit location reports

Sales Force Tools

Sales Team Management includes a complete set of features that supports tracking the activity of sales teams.

- Team activity is measured in sales dollars, account counts, commissions, rate analysis and outstanding receivables.
- Activity tracked at customer tier, sales team, sales source and sales credit.
- Includes complete set of note management tools.

Operational Savings

- Real-Time, Two-Way Stop-by-Stop Driver Reporting
 - TAC sends work orders and service stops to drivers
 - Drivers use button clicks to send job status back to office
- Ability to charge for sending printed invoices.
- Format notes for work orders, invoices, etc. with bold, highlight, font, etc.
- Full PCI Compliance for credit card processing
- Paperless enhancements including
 - Logging of all emailing
 - Customizable signature lines
 - Canned text message selection
 - Formatting with Bold, highlight, font selection and more
- Separate emails per work order for a driver/route/truck sent with a click.
- Bulk posting to include cash and/or accrual adjustments
- QuickBooks expansions
 - Monthly invoice
 - Posted receivables
