

# TOTAL ACTIVITY CONTROL WORK ORDER DISPATCH BOARD

Dispatching work orders just got easier!

Just click, drag and drop a work order onto an appointment calendar that shows you drivers and the times they are working.

- Multi-view and customizable.
- Drag and drop work orders to calendar
- Interval times set by type of work
- Color-coded work order status.

The image displays three screenshots of the software interface. The top-left screenshot shows a monthly appointment calendar for January 2008 with a pop-up window for appointments. The top-right screenshot shows a detailed dispatch board for Tuesday 01-01-2008 and Wednesday 01-02-2008, with a time axis from 8:00 to 4:00 and columns for drivers JOHN, SAM, and TRK15. The bottom screenshot shows a detailed view of a Tuesday appointment calendar with a list of work orders below it, including details like start/end times, driver names, and addresses.
